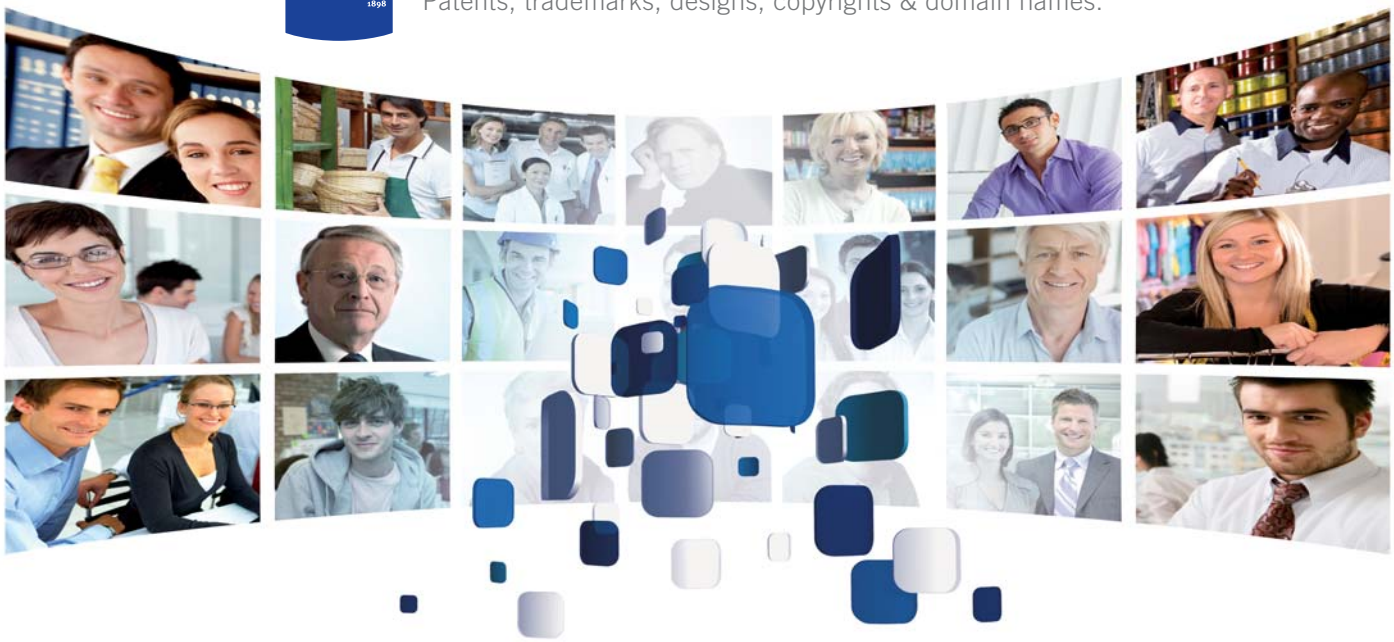
Your innovations are made to last

GEVERS 1898

Your partner in intellectual property
Patents, trademarks, designs, copyrights & domain names.



For more than a century, GEVERS has demonstrated a true passion for intellectual property.
It is now the top filer of Community trademarks worldwide and is constantly considered by clients and professionals as one of the top tier IP firms in the Benelux. The GEVERS' team include 66 IP attorneys in 9 offices, supported a premier administrative team, totalling 190+ staff members in Switzerland, France and Belgium.

GLN, the Swiss Branch of the GEVERS GROUP is currently looking for a
PATENT ENGINEER for its office in NEUCHÂTEL.

THE TEAM

The candidate will be part of a growing team of top professionals with diversified profiles and origins having clients working in very competitive IP fields. Within our Group, the candidate will have the opportunity to develop an interesting and exciting professional career.

YOUR RESPONSIBILITIES

We expect candidates with a high potential to develop an appropriate intimacy with customers. The goal: being able to interface at all levels of clients teams for a diversified IP offer.

You have a major responsibility in the patent cases that you deal with. With might and main you protect the interests of the clients at the Swiss and European Patent Office and other foreign offices. Dropping out is not part of your vocabulary. You will also be intensively involved in patent clearances, oppositions and infringment files giving you the opportunity to develop a comprehensive approach of client needs. And it will only be the starting point!

YOU

- You have a degree in electronics, electro mechanics, physics, telecommunication
- You are qualified or part qualified European Patent Attorney or you are training to be with two to five years of experience in IP – an initial experience acquired in the industry in another field of activity would be welcome
- You are fluent in French and English. Good knowledge of German is an asset.
- You are dynamic and ambitious

Please send your motivation and your curriculum vitae at:
