 Patents, Trademarks, Designs, Copyrights and Domain Names

Adding Value to your Innovations

More than 100 years of passion for trademarks and patents. A continuous stream of innovation in client service design and delivery. A constant quest for cutting-edge intellectual and organizational excellence. A recognition as a market leader, well beyond our frontiers. A diversified premier team in Belgium, France, and Switzerland. And a great team to work with, contributing to the protection of tomorrow's innovation. Currently, GEVERS is looking for:

Patent Engineer GEVERS FRANCE (Paris)

THE TEAM

The candidate will be part of a growing team of top professionals with diversified profiles and origins having clients working in very competitive IP fields.

YOUR RESPONSIBILITIES

You have an increasing responsibility in the patent cases that you deal with. With might and main you protect the interests of the clients at the French and European Patent Office and other foreign offices. Dropping out is not part of your vocabulary.

You will also be progressively involved in patent clearances, oppositions and infringement files giving you the opportunity to develop a comprehensive approach of client needs.

We expect candidates with a high potential to develop an appropriate intimacy with customers. The goal: being able to interface at all levels of clients teams.

YOUR PROFILE

- You have a degree in electronics, electro mechanics, physics, telecommunication, computer science
- You are graduated of CEIPI, either with an experience in IP or not
- You are fluent in French and English
